The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. The Contractor agrees to report each violation to CARTA and understands and agrees that CARTA will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.

The contractor also agrees to comply with the provisions of 40 CFR Part 15 which prohibits the use of facilities included on the EPA list of violating facilities.

The Contractor also agrees to include these requirements in each subcontract exceeding $100,000 financed in whole or in part with assistance provided by CARTA.

8. Debarment (Suspension from Gov't Purchases)

1. By signing and submitting this bid or proposal, the prospective lower tier participant is providing the signed certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, CARTA may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to CARTA if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized in writing by CARTA.

6. The prospective lower tier participant further agrees by submitting this proposal that
it will include the clause titled "Certification Regarding Debarment, Suspension,
CARTA Special Contract Provisions

Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction", without modification, in all lower tier covered transactions (subcontracts) and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List issued by U.S. General Service Administration.

8. Nothing contained in the foregoing shall be construed to require establishment of system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under Paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to all remedies available to the Federal Government, (CARTA) may pursue available remedies including suspension and/or debarment.

10. Contractor must complete Attachment 12 and submit it to CARTA with the bid or proposal.

CARTA has an active DBE program required and authorized by the Federal Transit Administration. CARTA attempts to hire contractors and subcontractors that represent the community that CARTA serves. CARTA has consistently been able to achieve DBE participation using race neutral measures and expects its contractors to strongly attempt to achieve the same or better.

Contract Assurance

The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as CARTA deems appropriate.

The prime contractor agrees to pay each subcontractor under this prime contract for
CARTA Special Contract Provisions

satisfactory performance of its contract no later than 15 days from the receipt of each.
payment the prime contractor receives from CARTA. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractor’s work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of CARTA. This clause applies to both DBE and non-DBE subcontractors.

Sanctions/consequences of noncompliance with the prompt payment clause may include:

1. Requiring documentation of all payment to subcontractors for all previous payments from CARTA to the prime contractor before any future payments from CARTA to the prime contractor are made.
2. Termination of contract for Default
3. Inability of prime contractor to bid on any future CARTA contracts.

CARTA will ensure that the prompt payment clause of the contract is enforced by:

1. Requiring prime contractors (in sub-contracts in excess of $10,000, to provide subcontractors with all contract provisions, including the prompt payment provision.) Essentially, ensuring that subcontractors are knowledgeable of the prompt payment requirement.
2. Informing contractors at the pre-construction meeting that CARTA will be monitoring the prompt payment clause of the contract by requiring the subcontractors to file a final certified payroll report upon completion of a subcontractor’s portion of the contracted work. After the final certified payroll report has been filed, CARTA will send a letter via e-mail to the subcontractor to verify that the subcontractor has received prompt payment of what is owed from the prime contractor, including retainage.
3. If CARTA is contacted by a subcontractor regarding possible violation of the prompt payment clause by the prime contractor, we will make inquiries to the prime contractor. Depending on the response from the prime contractor, CARTA may implement the sanctions/consequences listed in the above section.

I. **Legal and Contract Remedies**

In the event a prime contractor fails to comply with its stated contract goals, and cannot show that a good faith effort has been made to do so, CARTA shall initiate the following actions:

1. If any findings are discovered during the process of fulfilling the contract are deemed to be fraudulent or dishonest conduct in connection with the DBE program, CARTA will notify the Department of Transportation’s Inspector General, who in turn under 49 CFR 26 may sanction criminal prosecution, action under suspension and debarment or Program Fraud and Civil Penalties rule provided in 26.109.

2. CARTA will also consider similar action under our own legal authorities, including
CARTA Special Contract Provisions

responsibility determination in future contracts. Such actions can include termination.
II. Monitoring and Enforcement Mechanisms

Prime contractors must maintain records and documents of payments to DBEs for three years following the performance of the contract. These records will be made available for inspection upon request by any authorized representative of CARTA or DOT. This requirement also extends to any certified DBE subcontractor.

We will maintain a running tally of actual payments to DBE firms for work committed to them at the time of contract award.

III. DBE Financial Institutions

CARTA encourages all prime contractors to use the financial service institutions owned and controlled by socially and financially disadvantaged groups. CARTA maintains a list of such institutions and will provide it to any contractors interested in utilizing them.

All prime contractors will include the above statements in this section in all subcontracts over $10,000.
